

SURVIVING THE SHOT

SILVERBACK

SAFETY & TRAINING SOLUTIONS, INC.

OFFICER DOWN RESPONSE & SURVIVAL OF GSW/ BLAST INJURIES

Length- 1 day

Price- \$199

Min-15 students

Max-50

students

It's no secret that violent attacks against Law Enforcement are widespread. The job is as dangerous as it has ever been in history. The Silverback STS cadre comprises Veterans, Law Enforcement, TEMS operators, and a couple of alphabet types. This cadre will teach you how to treat the preventable causes resulting from these attacks utilizing the tried-and-true fundamentals of Tactical Emergency Casualty Care. Silverback STS interjects common sense HANDS-ON training to treating LOD GSW and blast injuries. Attendees perform by applying their newly formed skill set under a stressful environment with as real to life scenarios as possible. Perform the drill, break it, fix it. Repeat. Perform until competency is achieved, working side by side with the Silverback STS Cadre.

- FOCUS ON THE BASICS OF TREATING PREVENTABLE CAUSES OF DEATH
- MULTIPLE SCENARIO BASED OFFICER DOWN STRESS INOCULATION DRILLS TO INCLUDE BUT NOT LIMITED TO-HOSTAGE / KNOCK & TALK / TRAFFIC STOP GONE BAD /RAPID EXTRACTION FROM FATAL FUNNEL AND FROM POINT OF INJURY TO VEHICLE
- SELF DEFENSE (LEAD INSTRUCTOR IS FORMER PROGRAM ADMINISTRATOR FOR STATE OF OHIO USE OF FORCE / 30 YRS MARTIAL ARTS EXPERIENCE)
- SCENARIO BASED OFFICER EXTRACTION USING COVER and VEHICLES
- LIVE ACTORS INTEGRATED FOR MAXIMUM REALISM
- BY INDEX OF THIS COURSE, THE OFFICER WILL BE PROFICIENT IN HIS OR HER NEW SKILL SET SUCH AS-
- USE OF TOURNIQUETS, USE OF COVER & STAYING IN THE FIGHT, WOUND PACKING, PRESSURE DRESSINGS, CHEST SEALS, STABBING INJURIES, BLAST INJURIES, CARRIES /DRAGS, DIRECT THREAT, INDIRECT THREAT & CASEVAC, PLUS MUCH MORE.

Surviving the Shot course is designed for Civilian and Military Law Enforcement and Security Officers.

TACTICAL EMERGENCY CASUALTY CARE & RESCUE TASK FORCE

MIN- 15 STUDENTS MAX- 50 STUDENTS

\$499- 15-20 / \$479- 21-30 / \$449- 31-50

This is a two-day on-site all-inclusive training with subject matter expert speakers. The course covers Tactical Emergency Casualty Care, Rescue Task Force response, function, and deployment, introduction to TECC, basic team movement, direct threat pt 1, direct threat pt 2, direct threat pt 3, indirect threat pt 1, indirect threat pt 2, indirect threat pt 3, pediatric trauma care, basic self-defense, MARCHE assessment, skill stations including but not limited to- tourniquet applications, (commercial and improvised), drags and carries, chest seal and needle decompression, IV/IO, NPA, OPA, intubation, cricothyroidotomy, effective hands-on wound packing techniques, multiple hands-on stress inoculation drills, multiple MCI drills, written test evaluation, assistance on developing with the client on future mass casualty incident exercises.

The hands-on real to life scenarios will generate challenges that the students will rise to meet with the assistance of the Silverback cadre. We first discuss the challenges the clients face and what keeps them awake at night. We address these concerns by “shining the light” on them by recreating and training on them. The training builds towards MCI drills utilizing deployment of the RTF teams, the establishment of the Unified Command Post, Casualty Collection Points, Rally, and Reunification points.

The emphasis is on the ICS structure with a heavy focus on treating casualties, stabilizing casualties, and evacuating casualties based on injury priority. We break it, fix it and repeat until the client has achieved a comfortable level of competence in the newfound skillset.
